

General Watering Tips:

Weeks After Planting	Light Soils	Heavy Soils
1-2	Daily	Daily
3-12	Every 2-3 Days	Every 3-5 Days
Until Established	Weekly	Weekly

*Trees need 1.5 gal. of water per inch of trunk when watering.

*Shrubs need a 1/3 to 1/2 of their containers volume in water.

*ALWAYS Check Soil First.

*Sprinkler Systems **DO NOT** provide adequate water for new plantings.
